

TEODOR VALCHEV

Software Engineer

Contacts: teo.valchev@gmail.com • <https://www.linkedin.com/in/teodor-valchev> • Phone: 0887591881

Summary

Full-stack Software Engineer with hands-on experience building modern, scalable web applications across the entire development lifecycle. Strong **front-end** expertise in **React** and **TypeScript** combined with solid back-end capabilities in **C#, Node.js, NestJS, SQL**, and **NoSQL** systems. Known for improving performance, enhancing user experience, and delivering clean, maintainable code. Driven by a passion for solving complex problems and contributing to teams that value innovation, collaboration, and technical excellence.

Skills

TECHNICAL SKILLS: TypeScript • React • Node.js • NestJS • SQL • NoSQL • C# • .NET

Experience

Future-proof Software Sofia, Bulgaria
Software Engineer 12/2024 - 03/2025

- **Engineered** responsive web applications using **React** and **TypeScript**, improving UI performance and maintainability
- **Developed** RESTful APIs and backend logic with **NestJS**, enhancing system reliability and scalability
- **Collaborated** with designers and backend teams to **streamline integration workflows**, improving delivery speed

Merkle Sofia, Bulgaria
Junior Software Engineer 04/2022 - 11/2023

- **Implemented** new features and **resolved critical bugs** using JavaScript (ES6), contributing to smoother releases and improved user satisfaction
- **Built** backend components with **C#**, **reducing processing time** and improving API responsiveness
- **Presented** feature demos to customers, strengthening transparency and client trust
- **Documented** project deliverables and **clarified requirements** across teams, reducing miscommunication and accelerating development cycles

Education

University of Plovdiv "Paisii Hilendarski" Plovdiv, Bulgaria
Bachelor's degree Informatics 09/2021 - 2026

- Currently pursuing a degree in Informatics with a focus on software development

Software University Sofia, Bulgaria
Full Stack Web Development with JavaScript 10/2022 - 09/2024

- Completed intensive coursework covering frontend, backend, databases, and deployment
- Built a solid foundation in full stack development through hands-on projects and assessments

Language School "Prof. Dr. Zlatarov" Haskovo, Bulgaria
High School 09/2015 - 07/2019

- Specialized in **German** and **English** language studies
- Developed strong communication, grammar, and translation skills through intensive coursework and practical exercises
- Earned the Deutsches Sprachdiplom (**DSD**) **B2** certification

Languages

German B2 English C1 Bulgarian Native

Projects

Pure Gym
<https://deploy-react-pure-gym.web.app/>

Pure Gym is a **React-based** web application that interacts with a **REST API** to manage gym-related data. It includes user authentication, a catalog of items, detailed views, comments, and full CRUD functionality.
